

# MAKE YOUR VOICE HEARD. STAND UP FOR REAL AND LASTING REFORMS FROM WAL-MART.

On November 13-19, over **400 organizations from across the country**—from small business owners and women’s rights groups to environmentalists and labor unions—are coming together to stand up to Wal-Mart. **Take the pledge below and join us.**

**HEALTH CARE:** Wal-Mart fails to provide health insurance to over half of its employees and passes the costs onto taxpayers.

**FAIR LABOR PRACTICES:** From forced overtime to illegal child labor to relentless union busting, Wal-Mart has a long and sad track record of worker abuse.

**YOUR LOCAL ECONOMY:** For every new Supercenter that Wal-Mart opens, at least two local supermarkets and countless small businesses will close.

**=> I pledge to support ongoing efforts to reform Wal-Mart’s harmful business.**
